STAR East Asia Conference

This exclusive two day event, held in Singapore on November 5 and 6, 2012 will bring together engineers from around the world to explore the latest developments in engineering simulation technology and to discuss the ways in which it can be deployed to solve industrial problems, reducing costs and empowering innovation

CD-adapco is the world's largest independent CFD focused provider of engineering simulation software, support and services. We have over 30 years of experience in delivering industrial strength engineering simulation.
