Development of a Metal Foam based Latent Heat Cooling System in the Field of Solar Power Generation

Presented at the STAR European Conference 2011

Author Company:

TinniT Technologies GmbH

Author Name:

Aron Kneer

Industries:

[Energy](#)^[2]

Products:

Conference:

[STAR European Conference 2011](#)^[3]

CD-adapco is the world's largest independent CFD focused provider of engineering simulation software, support and services. We have over 30 years of experience in delivering industrial strength engineering simulation.
