Multi-Fuel & Mixed-Mode IC Engine Combustion Simulation with a Detailed Chemistry based Progress Variable Library Approach

Presented at the STAR Japanese Conference 2012

Author Company:

CD-adapco

Author Name:

Rajesh Rawat

Industries:

[Ground Transportation](#)^[2]

Products:

Conference:

[STAR Japanese Conference 2012](#)^[3]

CD-adapco is the world's largest independent CFD focused provider of engineering simulation software, support and services. We have over 30 years of experience in delivering industrial strength engineering simulation.
